Ground Ambulances

About LifeTrans:

The Health Care District's interfacility ambulance transportation program, LifeTrans, is dedicated to reducing wait times and expanding access to care in Palm Beach County. Our two ambulances, Apollo and Atlas, are 24/7 emergency medical service providers for basic and advanced life support (BLS and ALS) and critical care interfacility transport. The

LifeTrans ground transportation program serves Health Care District patients needing transport within our medical centers' network or to facilities within Palm Beach County that provide a higher level of care, including specialized treatment centers like the Addiction Stabilization Unit (ASU) at HCA Florida JFK North Hospital in West Palm Beach. This program also serves non-Health Care District patients at Palm Beach County hospitals needing transport to and from the ASU or to our Mangonia Park Addiction Treatment Clinic located on the ASU's campus.

Interfacility Ambulance Transportation Program For Palm Beach County Substance Use Disorder (SUD) Patients:

Emergency room staff in Palm Beach County hospitals can now contact LifeTrans for efficient, expedited transfers of ER patients who have suffered an acute episode related to substance use disorders. Patients will be transferred to our Mangonia Park outpatient addiction treatment clinic during business hours or next door to the Addiction Stabilization Unit at HCA Florida JFK North after hours.

To initiate transport of your substance use disorder ER patients in Palm Beach County, call us directly 24/7 at **(561) 398-5415**.

Our award-winning outpatient
treatment program provides

evidence-based medical treatment to discharged ASU patients and walk-in patients. Our clinic patients receive ongoing care for this lifelong- relapsing illness from a psychiatrist, addiction-trained therapist and recovery coaches, and have access to primary care, dental and pharmacy services, with or without insurance, regardless of their ability to pay.
